REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The Examiner has reconsidered her position regarding encoded domains of CARD-12. Each domain has been denitrified ; thus it is not unreasonable to allow isolated nucleic acids which comprise those that encode each domain. The Examiner originally considered these claims only in terms of the protein coding function; however, the nucleic acids encoding the domains would also have uses in hybridization assays and it is not necessary that they encode a complete protein.

With respect to amended claims 45-50, the Examiner interprets these as free of the prior art, as SEQ ID NO:3 does not contain introns.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gabriele E. BUGAISKY whose telephone number is (571) 272-0945. The examiner can normally be reached on Tues.- Fri 8:15 AM-1:45 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kathleen Kerr can be reached on (571) 272-0931. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
